

THIRD ANNUAL LITTLE BEAR CREEK CLEANUP

Organized by Imagine Grinnell, Poweshiek County Soil & Water Conservation District, and Grinnell College Iowater Student Group

When: Saturday, April 11, 2015 from 9 a.m. – 11 a.m. (Rain Date April 18th)

Where: Summer Street Park, 720 Summer Street, Grinnell IA 50112

Check-in and parking: Summer Street Park at the pavilion (park along Summer Street, not a lot of parking so carpooling is encouraged)

Dress: Be prepared to get dirty! Depending on water level in the creek, you may want to bring waders or boots if you have them. Wear old clothes and tennis shoes to climb in and out of the creek and/or walk in the woods. Other items you may want are sunscreen, bug repellent, gardening gloves or rubber cleaning gloves.

Supplies: Garbage bags, latex gloves, bottled water, and first aid will be available. If you have refillable water bottles, feel free to bring those! A few shovels will be available to dig out tires and other large debris, but if you have other tools and shovels, feel free to label and bring. Also, bring along buckets if you have them because garbage bags tend to get caught on tree branches and tear.

Sign Up: www.imaginegrinnell.org or
Email Sarah Smith at imaginegrinnell@iowatelecom.net

Come and enjoy some cleanup fun at Summer Street Park!
